

Terraced places

The camping site Alisehof with its many facets offers space for every taste. Most of the pitches we offer are located in the lower level area. The other pitches are located hillside in the idyllic terraced areas and around the farmyard.

The campsite has various sanitary facilities, so that the paths are not long.

Long term pitches

Long-term pitches

For the long-stay guests, we offer long-term pitches. They can either be booked year-round or half-year for the summer or winter season.

Summer: April to September inclusively

Winter: October to March inclusively

The long-term pitches are located on the entire camping site area.
